Dear Customer,

I have recently accomplished my first new custom home with your assistance: Lot#109 of Stonefield Crossing, Swansea. I send this letter in gratitude for the understanding and helpful direction and/or patience I experienced while working with your company. Please extend my regards to all your members.

While I have been working within the industry over the last decade in new home construction, this was a great new experience for me as a general contractor. Thank you very much for your support and professional courtesies. (You notice I refer to you as my "customer"~ in business I believe we're all one another's customers as we need each other to succeed.) I look forward to doing business with your company for years to come.

Most Respectfully,

Johanna
