Re: Windows and Installation

The payment for the balance of the windows and installation charges is enclosed.

We are pleased with the windows we selected to have installed in our son's house.

The salesman, Mr Laidley was very helpful in presenting the windows that would be most appropriate in this 1920 model house.

The installers, Paul and Kevin did an excellent job. They arrived on time and were very professional throughout the two days they were completing their work.

Thank you.
