

August 24, 2007

Dear Mrs. Pappoth,

Just wanted to send a note to express my appreciation for the first-class installation of my beautiful new windows and doors. Everything looks great, and I've been bragging a bit to my colleagues at SWIC about how pleased I am w/ this major home improvement. Wilke had replaced most of my home's windows several years ago; it was time for the family room.

Kudos to your installation team - Jerry, Scott and Nick - who did the job superbly. The guys were polite, careful, and did a wonderful job cleaning up. As much as I've always dreaded having major home maintenance performed, which necessitated "strangers" traipsing thru my home, the mess, etc., I must admit my stress level was not exacerbated by the Wilke guys. They were thoughtful and considerate of my modest, little home, my flowers - everything.

For many years, I've found it easy to recommend Wilke to my friends, family, and colleagues.

Sincerely,
Sheryl
